GERRIT P. WILDER CHOSEN HEAD OF HAWAII'S BIG GAME FISHERS

Tuna Club Adopts New Rules
in Meeting and Discusses
Finny Fighters

Hawaiian game fishing was discussed yesterday afternoon by the "men who know" when the Hawaii Tuna Club met in annual session to adopt plans for the coming year and elect officers.

Gerrit P. Wilder was chosen president; Richard Ivers, first vice-president; J. P. Cooke, second vice-president; H. Gooding Field, secretary; John E. Galt, treasurer; and J. A. Balch and George Cooke, directors. Fred K. Burnham and J. W. Jump of the mainland, enthusiastic followers of the sport, were made honorary vice-presidents.

It was decided at the meeting that hereafter a quorum shall consist of five members instead of 11 members.

New members were admitted to the club yesterday as follows: Fred Welchman, D. Howard Hitchcock, James W. Harvey, Bruce Cartwright, Jr., E. H. Paria, F. P. Newport, of Los Angeles; C. A. Day, of Oahu; A. W. Neely, Fred K. Burnham, James W. Jump, O. E. Wall, Guy Rothwell, Charles T. Wilder, Dickson Nott, and Theodore Cooke.

Taylor Glad to Help.

Congratulations to the club for the way it has been boosting game fishing in local waters were received in a letter from Secretary A. P. Taylor of the Promotion Committee. Mr. Taylor stated that the committee would be glad to reciprocate by helping the club in any way possible.

At the suggestion of E. H. Paria, a committee was appointed to secure a place in town where catches of big fish, tackle, bait and rods might be placed for exhibition.

New rules were adopted by the club, governing competition and the awarding of prizes.

Emphasizing the fact that Hawaiian waters furnish sport for the game fisherman every day in the year, H. Gooding Field read a report which was of much interest to the club.

"During the past year," said Mr. Field, "the possibilities of game fishing in Hawaii have been given a thorough try-out by many prominent members of the Catalina Tuna Club who visited the islands.

"Among those who have enjoyed the

Gerrit P. Wilder, reelected president of the Hawaii Tuna Club.

sport here were Messrs. Chapin A. Day of Ogden, Utah; W. C. Bradbury of Denver, F. P. Newport of Los Angeles, Judge Clark of Calgary, Canada; W. G. Drake of Denver, Fred K. Burnham of Martinez, California; Dean C. Worcester of the Philippines, and that international game fisherman, James W. Jump, of Los Angeles, the holder of the world's record for yellowtail at Catalina, and summer swordfish record.

Six Noted Fishermen Here. "There are at present," continued Mr. Field, "six noted game fishermen in Hawaii, who are having the time of their lives. They do not concede that any waters excel or even equal local waters for the size and number of species of game fish. Unlike California waters, the Hawaiian game fish do not frequent any particular spot, and it is an all-the-year-round sport with us.

"From the angler's standpoint," Mr. Field said in concluding his paper, "Hawaii possesses all the factors to make a world-famed rendezvous for sportmen. Our winter fishing is unexcelled, a thing which is unknown in other waters, and the climatic conditions all tend to encourage the sport.

Big Catch Is Proof. "The phenomenal catch of game fish in the latter part of January last by Messrs. Jump, Burnham, Gerrit Wilder and H. Gooding Field off Molo-kini, Maui, proves beyond any question that the opportunities are with us, and the game should receive every encouragement."

Concerning their experiences as game fishers in Hawaiian waters, James W. Jump and Fred K. Burnham, world-famous anglers, will speak next week—probably Thursday afternoon—in the rooms of the Chamber of Commerce. The public is cordially invited. Mr. Jump and Mr. Burnham are now fishing off Maui.

WIDELY KNOWN FEMALE SCULPTOR GRIP VICTIM

NEW YORK.—Mrs. Edith Woodman Burroughs, widely known as a sculptor, died at her home in Flushing at the age of 45 years, from complications resulting from the grip. She was the wife of Bryson Burroughs, curator of paintings at the Metropolitan Museum of Art, whom she met while studying in Paris, and married at Sittingbourne, England, in 1893.

Mrs. Burroughs gained fame through her busts and models of children. She was a Shaw memorial prize winner, and once took the Barnet prize at the National Academy of Design.

\$87,500 SHORTAGE FOUND ON SUICIDE OF BANK CLERK

SOUTHINGTON, Conn.—A shortage of \$87,500 in the accounts of Louis K. Curtiss, cashier of the Southington National bank, who committed suicide, was revealed by the directors of the institution. According to an official statement, the bank is "absolutely solvent."

Curtiss, who had been cashier continually since 1882, died in his apartments while federal bank examiners were conducting an examination of the books on Wednesday. The report of the medical examiner, when filed, showed he "probably committed suicide" by poison.

Curtiss was a man of exemplary habits and lived modestly. His friends believe that he lost the money by speculation.

New Zealand factories in 1913 manufactured clothing valued at \$400,000.

Eighteen-pounder Shrapnel Shell Cocktail Shakers

A unique souvenir
in useful form

Exact fac-simile of the famous English 18-pounder shrapnel shell.

The base is of brass, lined with silver plating and containing a silver-plated rack holding four cocktail glasses.

The projectile part is hollow and also lined with silver for shaking the cocktail mixture. Stands about 21 inches high.

Price, \$10.00.

BRIGHTER CHILDREN

Children are probably brighter to-day than a generation ago—but are they stronger? That's a grave question. So many pinched faces, dulled eyes and languid feelings make us wonder if they will ever grow into robust, healthy men and women.

If your children catch colds easily, are tired when rising, lack healthy color, or find studies difficult, give them Scott's Emulsion for one month to enrich their blood and restore the body-forces to healthy action.

Scott's Emulsion is used in private schools. It is not a "patent medicine," simply a highly concentrated oil-food, without alcohol or harmful drugs. It cannot harm; it improves blood; it benefits lungs and strengthens the system. Your druggist has it—refuse substitutes.

Scott & Borne, Bloomfield, N. J. 15-21
